

Lawyer (Law) L. Burks III, CPIM
Managing Director
Law Burks & Associates, LLC
www.LawBurksAdvisors.com

Law's leadership experience includes service as an officer in the US Air Force and increasingly responsible manufacturing and business to business strategy, commercial and general management positions at Alcan Packaging, Cardinal Health, Illinois Tool Works, Brand Safway and IDEX Corporation.

In 2025, Law retired and formed Law Burks & Associates, LLC to advise middle market industrial boards & executive teams on strategy, leadership and value creation through M&A, commercial excellence and operational improvement.

Law has had full P&L responsibility for highly engineered global B to B manufacturing businesses since 2011 (Americas, EU & Asia). He has served as a group president, president and general manager of public and privately held companies in medical device, energy, agriculture, construction, energy and general industrial segments. He routinely presents to stakeholders including: the BOD, investors, customers, executives & team members. Law is a servant leader capable of leading teams that frame strategy, deliver growth, improve operations and develop talent. He also has extensive M&A experience including the sourcing, BOD approval, closing and full integration of three businesses.

Law is a member of the Executive Leadership Council (ELC), an IDEX Foundation board member and president of The Josh Burks Foundation. Law also completed the ELC BOD Development Program and is a member of the NYSE Board Initiative. He previously served on the Rosalind Franklin University Board of Trustees (Audit Committee), St Stephens Community House Board and Salesian Boys & Girls Club Board of Columbus, Ohio.

He holds a BS in Industrial Management from Purdue University and an MBA from Northwestern University. Law also completed executive education at Harvard Business School and holds the CPIM designation from the American Production and Inventory Control Society. Today he resides in the Chicagoland area with his wife and children.
